Welcome to the Club... It's the Ultimate Savings Agreement

Smart consumers have known for many years that planned saving for college tuition, investments, or medical funds take the crisis out of the crisis! Why...because they can better plan their expenses. It's easier, and it's smarter. Well, at Lecco Mechanical we have now made it simple to eliminate the crisis repair bill.

It's called the Ultimate Savings Agreement, and here is how it works.

What is an Ultimate Saving Agreement?

The Ultimate Savings Agreement is regularly scheduled on your home's plumbing or heating & air systems. Your home's systems DO need regular care. This is why it breaks down on occasion. Plumbing in a home is a system, and like any system it needs attention. We will come once a year on a regular schedule to inspect your home's plumbing system, including toilets, faucets, water softeners, water purifiers, and a host of other items to insure they are operating properly. Your home's heating & air needs regular maintenance to keep it operating at peak efficiency and lowering the risk of crisis failure. We will come twice a year on a regular schedule to inspect your home's total comfort system, including the air conditioner, heat pump, furnace, coil, drains, and thermostat to insure they are operating properly.

What do you get with your Member Privileges?

Your plumbing and heating & air systems aren't exciting but it is critical to your home's well being. As an Ultimate Savings Agreement member you will get the following –

Plumbing

- ☑ Once a year Ultimate plumbing inspection by one of our master Technicians gives peace of mind your home's plumbing system is in the best operating condition.
- ☑ A discount off any future repairs should you need them, including today's repair.
- ☑ Emergency Service – You get immediate "Front of Line" treatment as a preferred customer.
- ☑ Special Offers on products only our Ultimate Savings Customers.

All for only \$99.95 a year

Heating & Air

- ☑ 2 Precision Tune-ups per year on your home comfort system.
- ☑ Peace of mind you are saving money on utility costs
- ☑ A discount on all service needed if you have a need for repair
- ☑ Preferred service should you need it – you move to the front of the line
- ☑ A clean system improves your home quality of indoor air
- ☑ A USA maintains your existing equipment's Extended Warranties
- ☑ No Overtime as long as you own an Ultimate Savings Agreement

All for only \$149.50 a year, 1st System.

Additional systems – 10% discount

Maybe most importantly – you get our Ultimate Savings Satisfaction Guarantee. As long as you own the USA, some repairs have a lifetime warranty.

Why is this a good deal for me?

Statistically it is almost a certainty that you will need a repair within the next two years. So the USA Club is a wise choice, and a good deal because you save money and you maintain your home's total comfort system to avoid the crisis when you least expect it.
